## 1 Overview

**Kramer Media Manager** is the world's easiest digital signage utility that puts the right message in the right place immediately.

The utility features:

- Pre-designed professional templates
- · Auto-discovery of the digital signage device
- An intuitive WYSWYG (what you see is you what you get) user interface that anyone can learn and use quickly

Simply choose a template, select your media contents and then push to your players over a network. Digital signage is made easy with **Kramer Media Manager**.

## 2 Installation

### 2.1 Minimum System Requirements

- Windows Vista, 7 or 8 Operating System
- .NET Framework 4
- Microsoft PowerPoint 2003/2007/2010/2013 (optional)
- 2.6 GHz CPU
- 2GB of system memory (4GB recommended)
- 200MB available storage space

## 2.2 Setup Process

Run the installer and follow the step-by-step instructions.

## 3 UI Overview

## 3.1 Main Menu

The main menu is composed of a list of existing playlists and a list of players available for playlist assignment.

1	) (5)	
2	Keane Mula Margar      Ingram     To anyoin raw     To anyoin	Not especiated with a playlet
3	Britmen are using the physic         Britmen are using the physic           Decrement         Decrement           Decrement	
	→      →	
4-		
		172178 Add 6
#	Main Screen Functions	
1	Tool bar - Language, Tools (edit serial protocol), Help	
2	Playlist name field, playlist create button	
3	List of existing playlists	

2	Playlist name field, playlist create button
3	List of existing playlists
4	Associated players of the playlist
5	Playlist preview and information
6	Player list
7	Player name, IP and status
8	Player IP field and player search/add button

You can drag players into/out of a playlist to associate/un-associate with the playlist.

- Double-click a playlist to edit it
- When moving the mouse over a playlist, an "X" button appears. Click the "X" to delete playlist

• A maximum 50 players can be associated with a playlist

## 3.2 Template List

The Template List contains all the presentation templates.

Resolution Full HD (1920 x 1080) Ultra HD, 4K (3840 x 2160)	0000	0000	
Orientation Landscape Portrait			
Empty templates 2 zones 3 zones 4 zones 5 zones	Full HD (1920 x 1080)	Full HD (1920 x 1080)	2
Pre-designed templates Hospitality Retail Quick Service Restaurant			
1	Full HD (1920 x 1080)	Full HD (1920 x 1080)	
	11 () Luce	(i) LOGO	
		TAT	

## 3.3 Presentation Editor

The Presentation Editor allows you to edit all the media content in a presentation: text, image, video and widget.

It also allows you to save the playlist, export the playlist to players/USB, or enter the schedule editor if you need to schedule the playback.

#	Template Screen Functions
1	Back to main menu
2	Edit the playlist schedule
3	Editing zone
4	Save and export
5	Select export target (player or USB)
6	Discard all changes

## 3.4 Schedule Editor

The Schedule Editor helps you create a flexible playlist containing multiple presentations that play automatically according to pre-defined events (time slots). The user can add up to 50 event schedules and up to 50 presentations in a presentation loop.

#	Schedule Editor Functions
1	Add event schedule
2	Existing events with event information: time slot, event day/date, event type
3	Add new presentation to current event
4	Enable event trigger
5	Existing presentations in current event

## 3.5 Event Editor

The Event Editor lets you define how and when you want the event to take place.

#	Event Editor Functions
1	Name of the event
2	Event type (available when adding a new event)
3	Recurrence type
4	Day picker for weekly event
5	Time slot
6	Day picker for monthly event
7	Day picker for specific day event

## 3.7 Editing a Playlist

#### 3.7.1 Creating a Playlist

1. Input a playlist name (optional) and then click Create playlist.

2. Double-click a template to make your selection.

<ul> <li>Kramer Media Manager - Demo 1</li> </ul>			- 0 - X
Language Tools Help			
Resolution     Full HD (1920 x 1080)     Ultra HD, 4K (3840 x 2160)	(i) 1868	(C) 1868	
Crientation  Landscape  Portrait			
Empty templates			
3 zones 4 zones 5 zones	Full HD (1920 x 1080)	Ultra HD, 4K (3840 x 2160)	
Sones     Jones     J	Access And Access Acces		
	Reference on a low of the second seco		

#### 3.7.2 Editing an Existing Playlist

• Double-click on an existing playlist to edit.

#### 3.7.3 Duplicating an Existing Playlist

• Click on the Duplicate button of an existing playlist to copy the playlist.

## 3.8 Editing a Presentation

#### 3.8.1 Adding Looping Playback Media Items by Drag and Drop

• Drag and drop media from the file explorer to the zone.

- 3.8.2 Adding Looping Playback Media Items from Panel
  - 1. Select a zone then expand the looping playback option panel.

2. Add a new image/video/PowerPoint/widget and edit their options.

- 3. Click + to add more media to the zone.
- 4. Click To add special media to the zone:

#### 3.8.3 Configuring a Media Item

1. The Focus/Zoom (image only) and Fit options can be configured from the editing zone directly.

- 2. Playback duration and other options can be configured from the Option dialog. To launch the Option dialog:
  - Double-click on a media item
  - Click the right mouse button and select Option

Note: To select multiple items, click the first item, press and hold down the Ctrl key and then click the next item.

#### 3.8.4 Editing an Image

- 1. Add an image file to a zone and click on the item in the looping playback media list to start editing.
- 2. You can replace the image, zoom-in/out to catch the attention of the viewer.
- 3. Click confirm when completed.

Configurable Options	Options	
Duration	Playback duration (seconds)	
Display option	Crop (default option that allows user to change focus freely)	
	Fit (fit image inside the zone and maintain its aspect ratio)	
	Stretch (fill image inside the zone without maintaining its aspect ratio)	

#### 3.8.5 Editing Video

- 1. Add video files to a zone and click on the item to start editing.
- 2. Configure display option.

Note: Double-click the video to preview the playback in Windows application

C: Stretch

Note: Only ONE zone is allowed to contain video files in a presentation

Configurable Options	Options
Display	Fit/Stretch

#### 3.8.6 Editing a PowerPoint File

1. Add a PowerPoint file to a zone and click on the item to start editing.

Note: Export PowerPoint slides (static only) if you have PowerPoint 2003/2007/2010/2013 installed in same computer

2. Choose fit inside the zone or stretch PowerPoint to the zone:

Configurable Options	Options
Display	Fit/Stretch
Unspecified slide duration(*)	Playback duration for each slide (seconds)

\* When there is no specific playback duration for each slide in PowerPoint settings.

#### 3.8.7 Editing a Logo

 Click on the LOGO icon to edit LOGO (LOGO is only supported in limited Templates).

- 2. You can replace the image, zoom-in/out and adjust the focus.
- 3. Click Confirm when done.

Configurable Options	Options
N/A	

#### 3.8.8 Editing a Widget

#### Add widget files to a zone and click on the item to start editing.

Configurable Options	Options		
Common	Playback duration : seconds		
Options	Color: background color		
	foreColor: text color		
Clock	timeFormat : 12h/24h		
Calendar	timeFormat : 12h/24h		
	Align: right/center/left		
Weather	Cities: choose from pull-down list or type the city name listed in this web page -		
	http://www.worldweatheronline.com/country.aspx		
	Scale : C/F		
	Key : worldweather online API Key(Pease see note)		
RSS	Urls: RSS URL		
	Writing direction:Right to Left/Left to Right		
Webpage	URL: website URL		

#### 3.8.9 Adding a Ticker

1. Choose one of the empty templates to use ticker.

Full HD (1920 x 1080)

Full HD (1920 x 1080)

2. In the Tools panel, check Ticker to enable it.

Kramer Media Manager - Demo 1	
Language Tools Help	
Main menu Edit schedule	
●)) ── Screer	n off 00:00 💌 🔶 01:00 💌
Tools	
Logo 📝 Enable	
Ticker Enable Location Bottom	
Background Music 📰 Enable 0 music on list Edit	() ()

3. Select a preferred ticker mode from one of the options:

Personal text:

• To display text content from a .txt file

Widget:

• To display a widget in the ticker zone (ex. RSS widget or custom widgets)

Configure personal text -

TXT	Ticker         File       CAUsers\Kelvin\Desktop\Hitachi-5K-KittingVersion.txt         Duration       30       sec(s)         Size       Normal       •         Effect       Static       •         Background color       •       •         Background opacity       50%       •         Text color       •       •         Writing direction       Left To Right       •
	OK

Configurable Options	Options
File	Path to the .txt file
Duration	Playback duration in seconds
Size	The text size of the ticker Available options: small/normal/large
Effect	Transition effect of the ticker Available options: Static: no transition effect between lines Crawl: ticker crawls from right to left Scroll: ticker scrolls up
Background color	Select ticker zone background color from color palette
Background opacity	Level of transparency of the ticker background
Text color	Select text color from color palette
Writing direction	Left to right/right to left

After enabling the ticker, you can:

- 1. Change the location of the ticker to bottom or top.
- 2. Add more .txt files or widgets to the zone.

Logo D bruble Location Bottom • Sactiground Music Thable 0 music on fair Edit			1	Calendar Duration 30 sec(s) time/format : 12hr align : right color : foreColor :
		0		

#### 3.8.10 Editing Text

- 1. Editable text highlights with a yellow box when hovering on it.
- 2. Click the text to start editing.

3. Expand the (?) option to change the font type, size and color.

4. If the text belongs to a text group, changing its style would affect all text in the same group.

- 3.8.11 Switching Theme and Toggle Logo Display
  - Expand the Tools panel to toggle the logo display and choose a different color theme

#### 3.8.12 Adding Background Music

Background music only works with an image/PowerPoint presentation. If the presentation contains video, an information message appears to ask the user to remove video from the presentation before adding background music.

#### 3.8.13 Switching Between Presentations

• If more than one presentation exists in same event schedule, switch between the presentations as shown below.

## 3.9 Editing a Schedule

• Click Edit schedule to enter the schedule editor

#### 3.9.1 Adding an Event Schedule

1. Click Add event schedule.

<ul> <li>Kramer Media Manager - Demo 1</li> </ul>		- 0 <b>- X</b>
Language Tools Help		
Main menu		Save & export to usb
Add schedule	Add presentation Enable event trigger 📎	
Default presentation Every Mon-Son All day		

2. Edit the event schedule by specifying the event name, event type, recurrence type and playback period.

К	×
Event name	New event name
Presenta	tion   Screen off
Weekly	Monthly      Specific day
Starts on	12/28/2015
Ends	12/28/2015
All day	10:00 y to 01:00 y
	OK

- A specific Day(s) event has the highest priority, Monthly is 2nd priority and Weekly the lowest priority when schedules overlap.
- Weekly: Check/uncheck the weekdays

Monthly: Enter days separated by comma or period connected by dash
 Ex: 1,5,9,15-18 plays on 1st ,5th ,9th ,15th ,16th ,17th ,18th of each month

© Wee	kly	Monthly	Specific day
Day	Ex: 1	L,2,3,10-20	

Specific day: Pick start day and end day from the calendars

#### 3. Select a template:

4. Edit the newly added presentation.

#### 3.9.2 Priority Scheduling

- The default presentation is the initial schedule that plays 24/7. It has the lowest priority and is surpassed whenever there are overlaps with other schedules
- As shown on the diagram above, a specific day(s) event has the highest playback priority when schedules overlap, a Monthly schedule has 2nd highest priority, lastly the weekly schedule
- Among the same recurrence type, a newly added schedule takes higher priority (e.g. Weekly 2 is the newly added schedule)

Default presentation Every Mon-Sun All day	$\mathbf{\nabla}$
Weekly 1 Every Mon-Sun 00:00 - 18:00	
Weekly 2 Every Mon-Sun 00:00 - 18:00	<b></b>

#### 3.9.3 Adding Presentations to an Event

1. Click Add presentation.

Kramer Media Manager - Demo 1		- 0 ×
Language Tools Help		
Main menu		Save & export to usb
Add schedule	Add presentation	
Default presentation Swry Mon-Sun All day		

2. Select a template.

$\langle \neg$

	And Factors Sectors and the sectors and the s	
	Full HD (1920 x 1080) Hospitality	Full HD (1920 × 1080) Hospitality

3. Edit the newly added presentation.

When a looping presentation has more than one presentation, the duration box appears. Click on Presentation duration number (300) to change the default duration to 300 seconds.

#### 3.9.4 Duplicating a Presentation to an Event

• Right-click a presentation, select Duplicate to, then select a destination.

#### 3.9.5 Duplicating an Event

 Right-click a schedule and select Duplicate or click the duplicate button of a schedule.

2. Edit the schedule of a new event.

Event name Lunch Special (Duplicate)	
<ul> <li>Weekly</li> <li>Monthly</li> <li>Specific day</li> <li>✓ Mon</li> <li>✓ Tue</li> <li>✓ Wed</li> <li>✓ Thu</li> <li>✓ Fri</li> <li>✓ Sat</li> <li>✓ Sun</li> </ul>	
All day From 11:30 <b>v</b> to 13:30 <b>v</b>	
ОК	Cancel

3. Click OK to save a new event.

			- 0 -×
		Save & export to usb	
Add presentation	t trigger 🕐		
© 1800	Presentation duration: 300 sec(s)		
	Presentation duration; 300 sec(s)		
		Presentation duration 300 ac(s)	

#### 3.9.6 Adding an Event Trigger

• Enable an event trigger and add a trigger to a current presentation

A Trigger Event lets you add an event trigger into a presentation. The trigger source can be a touch button event and a motion sensor event from a smart signboard, or an input event from PIO-101.

	vent name Demo event		
	rigger type Simple trigger 🔹	<u>ଜ</u> ା	
	umber 1 •	U I	
-	<ul> <li>Advanced</li> </ul>		
<u> </u>	Button light effect		Event name Demo event
	Use same effect for all buttons		Trigger type Motion sensor *
	Blink •		•
	Interval 0.5 sec(s)		ОК
×	This event playback can be interrupted b	v other event.	
	At the end of playback, return to default		

#	Trigger Event Editor Functions	
1	Name of the trigger event	
2	Trigger type: simple trigger or motion sensor	
3	Schedule up to 10 simple triggers	
4	Advanced control for simple trigger	
5	Advanced: control button light effect	
6	Advanced: option to disable interrupt for the trigger	
7	Advanced: option to disable loop back to default presentation	

## 3.10 Exporting a Playlist

#### 3.10.1 Exporting a Playlist via USB

Click the Export button and click Export to USB. Then select the correct export location

#### 3.10.2 Exporting a Playlist via the Network

1. Click the export button and click Export to player.

2. Select the devices on your network or add them by typing their IPs.

Kramer Media Manager - Demo 1		- 0 2
Language Tools Help		Save & export to player
