18	HDBT OUT RJ-45 Connector	Connect to an HDBaseT receiver.
19	48V DC Power Terminal Block Connector	Connect to the Kramer power adapter.

Step 3: Install the VP-428H2

Install **VP-428H2** using one of the following methods:

- Attach the rubber feet and place the unit on a flat surface.
- Fasten a bracket (included) on each side of the unit and attach it to a flat surface. For more information go to www.kramerav.com/downloads/VP-428H2.
- Mount the unit in a rack using an optional **RK-T2B** rack adapter.

Step 4: Connect the inputs and outputs

Always switch OFF the power on each device before connecting it to your **VP-428H2**. For best results, we recommend that you always use Kramer high-performance cables to connect AV equipment to the **VP-428H2**.

Step 5: Connect the power

Connect the 48V DC power adapter to the **VP-428H2** and plug the adapter into the mains.

Safety Instructions

- Caution:** There are no operator serviceable parts inside the unit.
- Warning:** Use only the Kramer Electronics power supply that is provided with the unit.
- Warning:** Disconnect the power and unplug the unit from the wall before installing. See www.KramerAV.com for updated safety information.
